

Hi I'm Hannah

Hate posing, but want beautiful, natural wedding photographs? Camera shy couples, I get you!

I'm a passionate, creative, Devon & Cornwall wedding photographer. I've worked as a photographer all my working life and can honestly still say I absolutely LOVE it!

With 20 years wedding & portrait experience and over 100 5* Google reviews you can trust me to get the best out of you.

I love working with adventurous couples who embrace the elements. My work is inspired by nature & I have a creative, storytelling approach. My favourite kind of weddings are full of personality, colour, life and fun - ideally outdoors on a beach or surrounded by the hills or trees.

If that sounds like you, I'd love to hear more about your wedding plans - fill out the contact form on my website today to see if your wedding date is available.

UNPOSED

I don't believe in posing but watch for natural, real moments of connection. Many of my reviews comment on my ability to put even the most camera shy people at ease and get the best out of them.

ENGAGEMENT *Session*

HAVE A TRIAL RUN

Engagement sessions can be added to any package. This is a great idea, especially if you are camera shy or feeling nervous about having your photographs taken on the wedding day.

This is a great way for us to get to know each other better and you get some super cute photos to use for your wedding. These can be done at a location that is special to you both, or I can suggest locations that will work depending on what vibe suits you best - coast, woodlands, snuggled up at home? The choice is yours.

HOW DOES IT WORK?

We will normally go for a short walk and I will take a variety of shots as you interact and enjoy being together. Feel free to bring props with you, like a blanket or other meaningful things.

I have found it works best if you co-ordinate your clothes if possible. Try to wear neutral colours or slightly different tones of the same colour. Try to avoid clashing patterns. However, ultimately you need to feel comfortable and like yourselves so make sure you feel like you!

WEDDING *day tips*

DO IT YOUR WAY

I am a great believer in doing things your way. There can be a lot of pressure and stress surrounding weddings - but there doesn't have to be! Remember your wedding day is about a marriage, not just a day. Don't let others put their expectations onto you. The best weddings I have been a part of, are where people have rejected all the stress and chosen to celebrate in their own unique way.

TAKE SOME TIME JUST FOR YOU

You've probably heard it said, but the wedding day goes by in a flash. Often the couple portraits are a good chance to grab some time alone. I love catching the golden hour where possible, and often couples tell me how glad they are for a few minutes alone.

FREQUENTLY *Asked Questions*

HOW DO I BOOK?

If you like what you see, then the next step is to get in touch and tell me about your wedding plans. We can then have a chat and find the best package for you.

DO YOU TAKE A DEPOSIT?

Yes, to secure your wedding date you will need to fill out and return a booking form and pay a £300 deposit for full day weddings.

HOW MANY PHOTOGRAPHS WILL WE RECEIVE?

This varies depending on the length of coverage and how many guests you have. On average a full day wedding will be no less than 600 photographs and can sometimes be up to 1000!

WHAT IF WE ARE CAMERA SHY?

One of the things I am most proud of is consistently getting 5 star reviews that particularly comment on my ability to help people relax and enjoy the session. My style is very natural and my favourite photographs are always the ones where you are relaxed and just being yourselves. All you need to do is focus on each other, enjoying being together and let me work my magic. I also offer engagement shoots with all my full day packages which is another great way of having a practise run and seeing how I work on the day.

DO YOU EDIT THE PHOTOGRAPHS?

Yes, I personally go through every photograph and process them. I have developed my own signature style over the years. I process the photographs in a colourful film like style. I love colour and also strong black & whites so you will normally receive a mixture of both in your set.

HOW LONG WILL IT BE BEFORE WE GET OUR PHOTOS?

I normally deliver a couple of sneak peeks within a couple of days. I aim to deliver the full gallery 4 - 6 weeks after the wedding. In the summer season this can be up to 8 weeks but I will always keep you informed. Often though I have surprised couples with how quickly I have got their galleries out to them.
